Recent report shared

Apologies received from PC Marshall and PCSO's for lack of attendance lately. Inspector Cocker is to attend January meeting.

PCSO Hardy reported that there had been no crime in Siggleshorne this month and only 1 report of criminal damage the month before.

Cllr Arundel asked if a car being repaired on the highway was allowed, Police are aware of this vehicle and Cllr O'Mahony had spoken to the resident who was fixing his vehicle in the pouring rain and reported that the resident felt victimised. ERYC Highways stated that as long as it is a private

resident fixing their car that there needs to be some allowance given, if there are no alternate off road facilities'. Police are investigating a complaint about it.

Also being looked into is damage to the verge on Church Lane, caused by a parked vehicle obstructing the road.

Cllr O`Mahony asked if anything has been done regarding speeding through the village, as cars going through at over 70mph and one last week going 85mph nearly causing a road traffic accident. PCSO Hardy to look into possibly re instating Community Speed watch and report back to the clerk. Cllr Arundel asked if any further update had been received regarding the bollards for the Bus stop, unfortunately no further information given as to when these will be put in.

Cllr Hargreaves questioned a recent missing person found in the village and lack of information given to enable the village to go help. PCSO Hardy stated that before the police can alert the public to a missing person they must be of a high risk and that family must agree to their details and photographs being shared. The Police main media alert is via Facebook and Twitter and the local news and suggested people like the Police Facebook page East Riding West to be kept up to date, also anyone can sign up to community alerts.

PCSO Hardy spoke of a new survey, Humber Speak, which is currently being done in Hornsea in which residents are asked what their main concerns are, this will be brought out into the villages.

Cllr Langley spoke of the village vision money obtained for such projects. Cllr Hargreaves spoke of the expense of getting planning permission £236 or just advice at £60. The clerk suggested a meeting with highways as to the siting of the statue and that they could probably offer advice on the need for planning, the minimum requirement would be that the Parish Council indemnify ERYC. Cllr Hargreaves showed all present a photo of `the Viking` for which Seaton Resident Mick Webb will be donating his time towards making.

It was suggested that further information and costings be investigated and that it be brought to the January meeting for Parish Council approval.
